Material Safety Data Sheet

Product: Hoagland's Modified Basal Salt Mixture
Catalog Number: 26218; 2621820; 2621822
Preparation Date: 10/02/2012
Author: Alaka Srivastava

This material is not known to be hazardous. OSHA Hazard Communication Standard (29 CFR 1910.1200) does not list this chemical, nor is there any listing in 40 CFR Part 372. Therefore, an MSDS is not required for this material; however, MP Biomedicals, Inc. does recommend using good laboratory procedures when handling this compound.
